DEXTERS FUTURESCOPE

CAPRICORN (Dec 22 – Jan 20)

Plans will not work out this month. If you have a stuupid sister, you will know why. If not, not will be because of someone else's stuupid sister. So don't bother planning anything unless you plan to have your plans ruined by a stuupid sister.

AQUARIUS (Jan 21 – Feb 19)

Choose the second packet of crisps. Remember this advice and you will not go far wrong, unless of course you don't listen to my advice, in which case you deserve your fate.

PISCES (Feb 20 – Mar 20)

If I tell you anything about the next month it will cause a time paradox and the entire space time continuum will implode in on itself. You will just have to be content knowing that whatever happens, in your ignorance, you will have saved the entire universe.

ARIES (Mar 21 – Apr 20)

Dee-Dee, do not touch the Futurescope! Drat, thanks to my stuupid sister, I cannot tell you what will happen to you next month, but I can tell you that by the age of 46 you will have unsightly nostril hair and a horrible taste in cardigans. But at least the cardigan pockets will give you somewhere to keep your false teeth.

TAURUS (Apr 20 – May 21)

I'm sorry to have to tell you about the accident. But afterwards you will have plenty of time to wonder if you would still have had the accident if I hadn't told you.

GEMINI (May 22 – Jun 22)

Remarkable. You seem to be blessed with good luck this month. I wonder if I could experiment on you – purely in the interests of science and not because I want to patent your luck gene so I can beat those playground buffoons at dodgeball once and for all.

CANCER (Jun 23 – Jul 23)

My scientific supremacy leads me to the conclusion that anything you do this month will require hard work. Good job you're on holiday and there's no homework due.

I don't believe in stuupid things like astrology. It is all mumbo-jumbo and superstition, unlike my beloved science. So I have focused my scientific Futurescope chrono-viewer on next month.

Futurescope 3000

LEO (Jul 24 – Aug 23)

Ah yes, the future; flying cars, moonbases. Unfortunately you will not see any of this for it is only a month into the future – unless you plan a trip to the cinema with some friends.

VIRGO (Aug 24 – Sep 23)

With your positrons in conjunction with your neutrinos, it's amazing what you can get just by asking. I can get left alone by just asking Dee-Dee to get out of my laboratory.

LIBRA (Sep 24 – Oct 23)

This is an excellent time to make some changes in your life. Why not study an '-ology'? I am a master of 'ologies'. Only this morning I had to give an ap-ology to my mother for using Dee-Dee in an experiment.

SCORPIO (Oct 24 – Nov 22)

Silly girly Romance looms for you this month. If you want to avoid it, follow these instructions to the letter. When the time comes, walk quickly. Turn right, then left. You'll thank me next month.

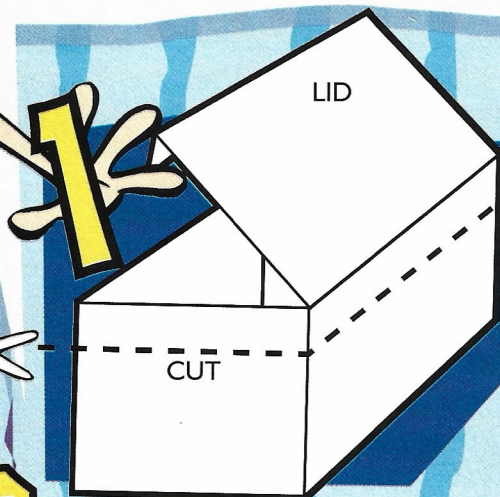

SAGITTARIUS (Nov 23 – Dec 21)

Don't be fooled by the new moon. It does not bring you luck, it is simply the shadow of the earth as it comes between the moon and the sun, casting a shadow over the moon, so there.

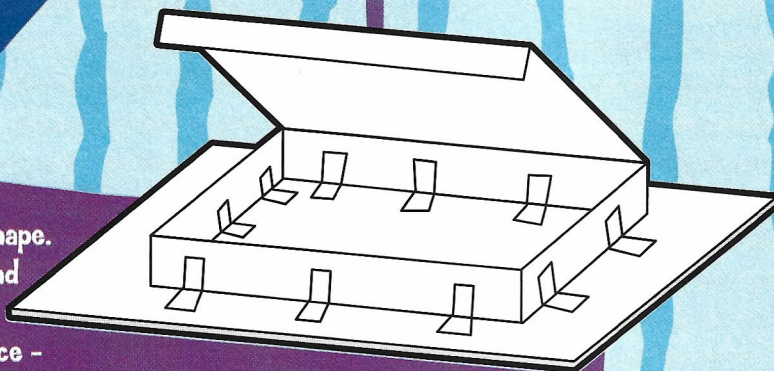

PICTURE 3 THING

Wanna make a special picture frame to hide all your secret stuff inside?
Let the Eds show you how...

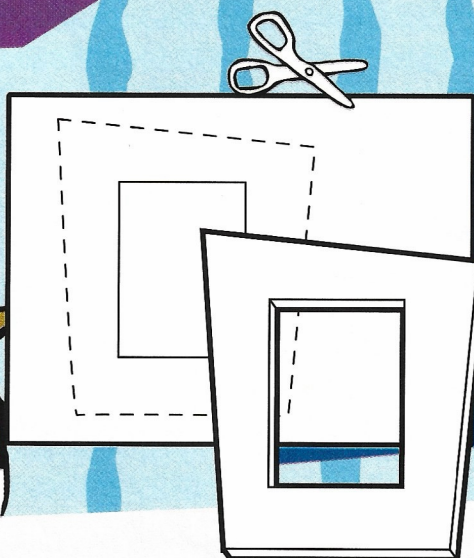

Make your secret compartment first, by cutting down your lidded box as shown. Cut some card a little bigger than your lidded box and stick it with some masking tape.

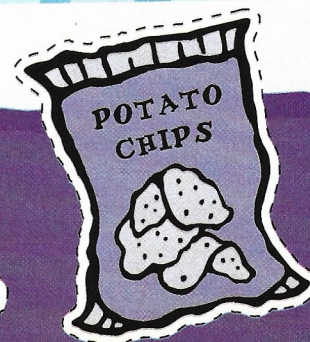

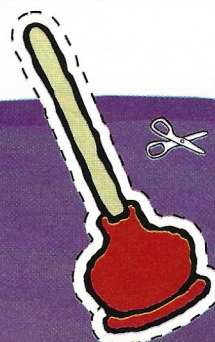

2 Next, make a frame by cutting a piece of stiff card into a wacky shape. It's easier to start it as a square and trim it to the shape you want. Cut a square hole in the middle for your picture space - this will need to be slightly smaller than your secret compartment box for a perfect fit.

WARNING!

ASK AN ADULT TO HELP YOU WHEN USING GLUE AND SCISSORS!

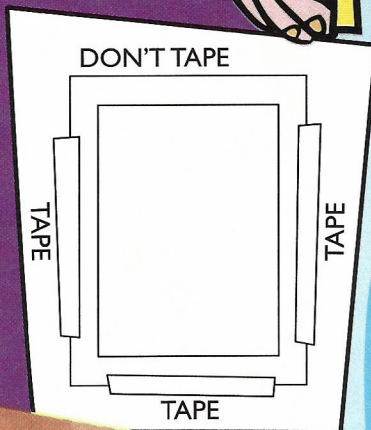

Tape the box over the hole in the middle but don't tape the top side as this is where you slide in your picture. Use masking tape as you can paint over this, unlike sticky tape which comes off.

6!

Create a wooden effect by putting a small amount of dark brown, brown, black and yellow onto a dry brush and dragging it to create a grainy effect. Change the direction of grain on each side so it looks like real wood. Do the same on the back and leave to dry.

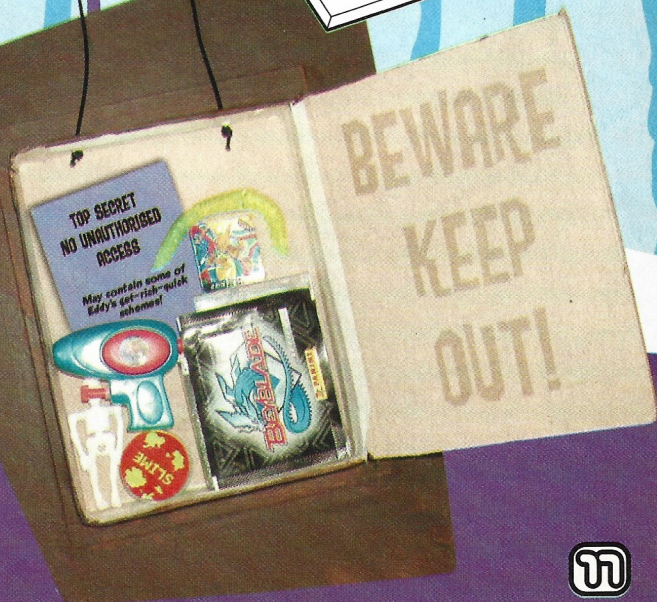

eddy
woz here!

YOU WILL NEED:

- 1 SMALL CARDBOARD BOX WITH A LID OPENING
- SOME THICK CARD
- STICKY TAPE
- MASKING TAPE
- SCISSORS
- STRING
- PAINT AND BRUSH

Cut out some of your fave pictures and glue around the frame. Cut a length of string and make 2 holes in the top of the box, using an old biro and thread the string through, knotting each end.
